## Summary

"The beautiful thing about learning is that no one can take it away from you." – B.B. King

I am a passionate and motivated developer with a solid foundation in programming languages like Python and C, along with hands-on experience in web development using HTML, CSS, and JavaScript. Throughout my college years, I have embraced every opportunity to learn and grow, consistently seeking out new skills and technologies to enhance my expertise.

My enthusiasm for coding and problem-solving drives me to tackle challenges creatively and efficiently. I thrive in collaborative environments and am always eager to share knowledge and insights with others. As I continue to expand my skill set, I am particularly interested in exploring areas such as data science and full-stack development.

Let's connect and explore how we can work together to create impactful solutions!
